

# Technical Bulletin

Know Your Radio: HSR3 MCI & HSR6 MCI talkgroups

Intended Audience: Warren County Fire/EMS agencies

## What are HSR3 MCI & HSR6 MCI used for?

These talkgroups are used to coordinate hospitals in a mass casualty disaster event. Although Warren County belongs to Homeland Security Region 6, we transport to several hospitals in Homeland Security Region 3, so you have both talkgroups in your radio's Hospital Zone.

## Where to find it in your radio

Download your templates from Telecom's website at <https://telecom.co.warren.oh.us/TrainingCommunication/RadioTrainingTemplates.aspx>

You'll find the MCI talkgroups in positions 14-16 of the Hospital zone (*zone location varies*)

Contact Community Manager Allison Lyons at 695-HELP regarding this technical bulletin.
