

Agency Authorization Form is now Department Authorization Form

The image shows the old 'Agency Authorization Form' from Telecom. It is a complex form with many sections, including 'Agency Information', 'Spending Approval', 'Chief of Department (CD)', 'Agency Administrator (AA)', 'MDC Coordinator (MC)', 'Radio Coordinator (RC)', 'Outage Notifications', 'Subject Matter Experts (SMEs)', and 'User Account Agreement'. The form is dated 10/11/07 and includes a signature field for the Chief of Department. A green arrow points from this form towards the redesigned version.

Redesigned
with you
in mind!

The image shows the new 'Department Authorization Form' from Telecom. It is a simplified form with sections for 'Department Information', 'Department Head', 'Administrator', 'Outage Notices', 'Liaisons', 'User Account Agreement', and a contact table. The form is dated 10/11/07 and includes a signature field for the Department Head or Administrator. The contact table has columns for 'Telephone Cellular', 'Human Resources', 'Report', 'Training', 'Radio', 'Paging', 'Mobile Devices', 'CAD', 'LawRMS', 'ePCR', and 'FireRMS', with sub-columns for 'NA', 'POC Point of Contact Name', 'Phone', and 'Email (Individual or group)'. A green arrow points from the old form to this one.

Form Features that better align with how you want to interact with Telecom:

- Removed financial declarations to offer flexibility in your decision-making.
- Removed Coordinators to eliminate redundancy with former SME roles.
- Subject Matter Experts are now Liaisons with more specialties (e.g. reporting) and to include our non-public safety partners.
- You can opt-out of liaison roles that aren't relevant to your working relationship with Telecom... no more defaulting to the Chief or AA.
- Outage Notice section clearly defines how Telecom will communicate maintenances & outages via email or on our *Coming Soon* Status.io platform.
- Fewer restrictions on who Telecom will interface with from your department, in an effort to align with your delegated authority and rotating shifts.
- Ability to indicate a partial or full-form submission - if you only need to change one role, no need to fill out the whole form again!
- Only one signature field.
- And as always, you can complete it 100% electronically with digital signature and fillable fields!
