## New LEADS Form #5: **Person Query—Mobile/RMS**

- This form lets you search Persons by SSN, OLN, Name, DOB, or Key Number.

- Key Numbers are assigned to persons with convictions, active OLN, a record, etc. It shows up in one's LEADS return.

- If you choose "Y" for Image for an out-of-state person and have problems with your return, go back into this form and change the Image fields to "N" then re-run. We suspect the file size is too large for the system. We've requested the vendor increase the permitted image file size.

- Bottom left incident number currently defaults to your active incident, if on one. We're working to make the default 'blank' at the request of law enforcement.
