# PICKUP

[pickup] → [extension]

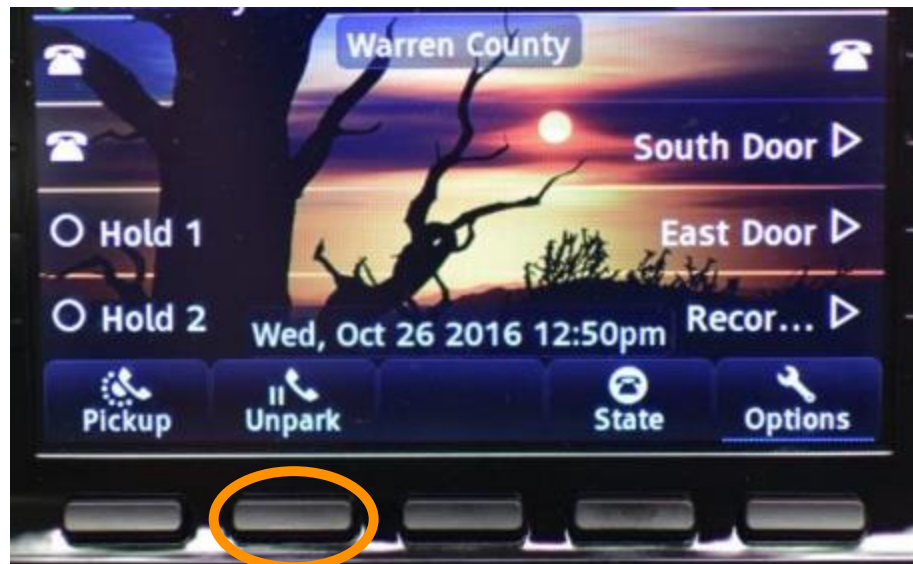

- Answer your extension from someone else's device.
- Answer someone else's extension from your device.

# PARKING/UNPARKING HOLD LINES

## UNPARKING CALLER FROM A HOLD LINE

1. Hit <UNPARK>
2. Hit circle button of line you want to retrieve.  
(This frees up the hold line for other calls and moves the caller over to your extension)

## PARKING TO

1. Answer Call
2. Hit <PARK> softkey (*only appears when on a call*)
3. Hit circle button of destination line – their name/# will attach to it.

# UNPARKING FROM COWORKER'S EXTENSION

If requested to 'grab a call' from your coworker's phone

1. Hit <UNPARK>
2. Enter coworker's extension & retrieve their caller

# INTERACTIVE: parking to coworker's phone

PARKING BUYS YOU 2 MINUTES TO SERVICE A CALLER AND IS LESS INTRUSIVE THAN A RINGING PHONE AND RUSH TO ANSWER BEFORE IT HITS VOICEMAIL. CALLER HEARS ELEVATOR MUSIC.

- Get in a group of 3 phones
  1. Phone 1 calls Phone 2.
  2. Phone 2 answers and determines the caller needs Phone 3.
  3. Phone 2 PARKS the call on Phone 3's extension.
  4. Person 3 DOESN'T ANSWER. Their line button blinks.
  5. Hear a 'beep backs' at 0:10 and 1:10.
  6. After 2:00, the call ships back to Phone 2 to answer. If they're not there, the call goes to their voicemail.

# STATE

Your STATUS visible from directory, each handling incoming calls how you determine (answer, straight to voicemail, forward to different extension or phone number).

Press the numeric key of the option you want to choose. OR use 4-way navigation arrows to highlight your preferred status then press center circle to select. Line bubbles turn orange when in an away state.

# OPTIONS

Default out-of-the-box password: 123456  
You're forced to change it after first use to another 6-digit password.

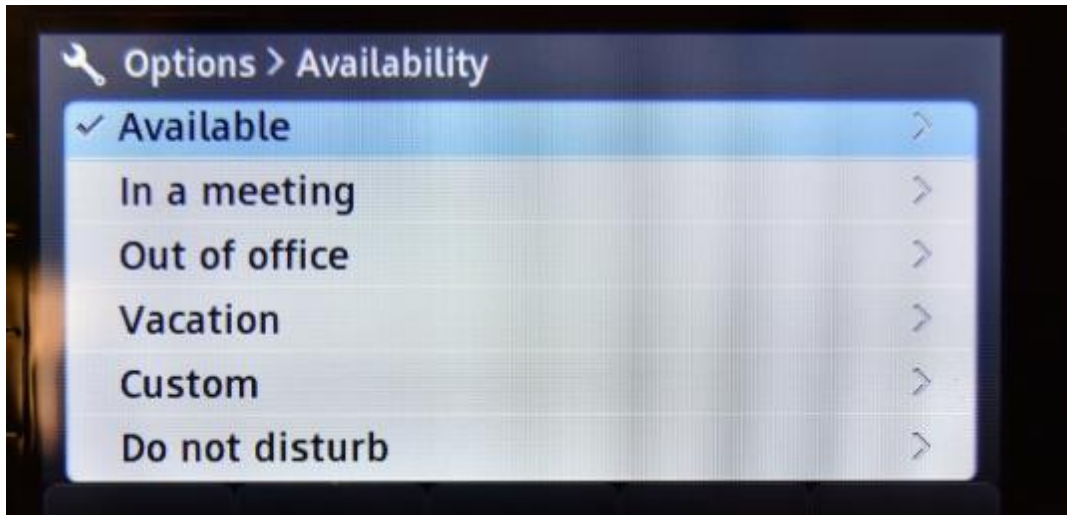

*Training phones are 654321*

# OPTIONS (opening page)

# OPTIONS (telling your phone how to handle calls for each Availability State)

Arrow down to the State you want to configure, then right arrow.

**\*\*back out of the screen using your <BACK> softkey. Using the left arrow will likely toggle your Forward Calls frequency to the wrong thing, often resulting in orange circles even when Available\*\***

E.G. You're going on vacation & supervisor wants a coworker handling your calls.

1. Tell phone WHEN to forward calls while on Vacation. Default is Always.

2. Default destination is your voicemail (6101). Clear that out and change to 695-#### if a coworker is handling your calls while on vacation. Change to 1(###)###-#### if to a mobile phone.

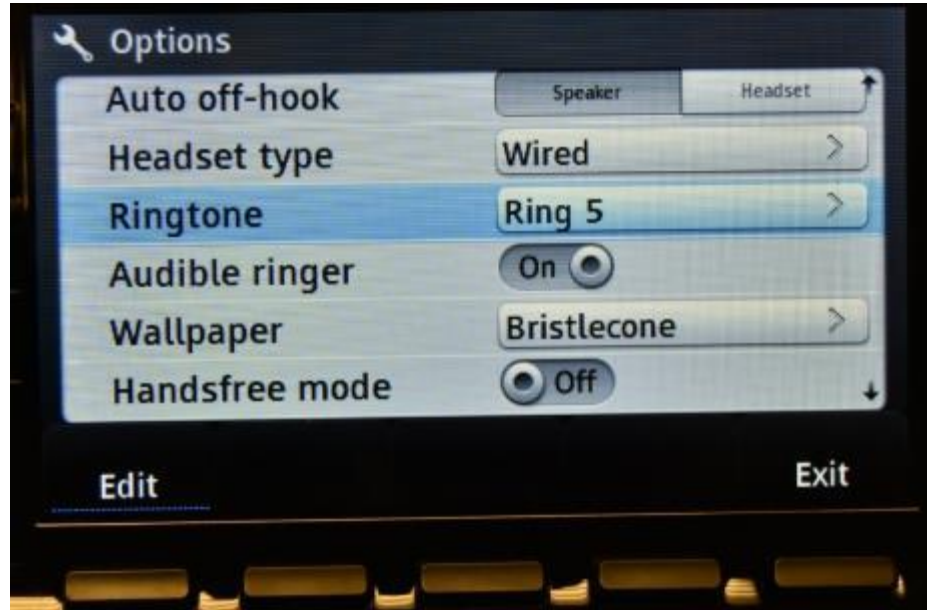

3. Simulring OFF means your phone doesn't ring, only the destination.

# OPTIONS: indicate your headset type

# OPTIONS: Ringtones

Preview how ringtone sounds when an INTERNAL ShoreTel phone calls you.

Preview how ringtone sounds when EXTERNAL phone calls you (mobile phone, citizen, neighboring County or agency you work with)

# OPTIONS: Wallpaper

Can't do personal images like pets, spouses, children, sports teams.  
Telecom will load your department logo or the County seal for custom background.

# CONFERENCE

Any ShoreTel user can add/drop callers to a Conference Call. The burden doesn't fall on one moderator. The conference will stay standing until the last ShoreTel phone drops off.

You can combine ShoreTel phones, mobile phones, outside landlines into a conference.

Dial 8+(###)###-#### to bring in outside lines.

# CONFERENCE

Yes button is used to complete the conference process

Cancel the ADDITION to the conference. You will be connected directly back to the remaining people on the conference.

## Moderating a 5-person Call

1. Call Person #2
2. Press <Conference> and dial Person #3 . If they accept, press <Yes>.
3. Press <Conference> and dial Person #4. If they accept, press <Yes>.
4. Press <Conference> and dial Person #. If they accept, press <Yes>.

\*\*As you're adding someone into the conference, your conversation is in complete confidence until you press the <yes> button. People already entered into the conference are separately corralled together able to interact.

# CONFERENCE

<Show> the individual callers involved in the conference.

# CONFERENCE

Drop button is used to disconnect the person highlighted in blue.

Ways to add a dropped person back into the Conference

1. **You initiate it** - press <Conference> and dial their number. If they accept, press <yes>.
2. **The dropped person initiates it** by calling a ShoreTel user who is on the conference call. If they call you, your 2<sup>nd</sup> phone line (bubble) will flash with their ID attached to it. Answer their line and press <Merge> softkey to combine them into your other ongoing line.

# HOLD

<Hold> someone on YOUR Extension.

You get a 'beep back' at :10 and 1:10 reminding you put someone on hold.

To place someone on a SHARED HOLD/PARK group, <PARK> them to the hold group.

# ASSIGN / UNASSIGN

You can assign your IDENTITY (extension, wallpaper, ring tone, call history, password) to any WC ShoreTel phone. Great for conference room phones, shared work spaces, need to evacuate/relocate.

## THE STEPS

- Voicemail → Password → Call VM → Extension → Password → Option 7 → Option 3
- 1: assign
- 2: unassign
